

**Happy New Year!**

*May 2021 be a year of healing  
and respect!*

It's been a tough one, and at least so far, we've made it. Please check out **starlilysue.com** for a more detailed message, with lots of photos and videos (waterfalls!) The calendar will also be on the website.

*Guess it was October when Steve, Mary, and Elisabeth were in Portland. Left to right: Sue, Edith, Mary, Steve, Elisabeth, and Will. So good to visit, outdoors, masked, and laughing still!*

### **2020 at Chez Steward --**

- Installed a 10 x 20 ft barn in the back yard for Rock tumbling and assorted rock and jewelry work.
- Replaced kitchen floor and remodeled the dining room.
- Will bought a Ford F150 pickup. Good truck!
- Escaped to the beach the very weekend the state of Oregon shut down.
- Sue had a fall Memorial Day weekend. The injured shin finally healed up in September.
- Rockhounding with Mt. Hood Rock Club took us to Leslie Gulch, Succor Creek, and McDermitt, Nevada. They were fabulous outdoor adventures.
- After a blown out tire on the trailer, replaced trailer tires, stabilizers, mattress, and hitch jack.
- Visited all the N. Umpqua River waterfalls -- before the fires!
- Survived the Labor Day smoke-out. Mourned for the forest fire losses.
- Had the house repainted.
- Installed a 8 x 20 foot shed on the property -- big enough for winter kayak and bike storage.
- Adopted a Samoyed/Husky dog from Oregon Humane Society -- his name is Frosty and he is a pill.
